

Pick and Pay Store

It is an online virtual store where customers can browse the catalog and select products of interest. The selected items may be collected in a shopping cart. At checkout time, the items in the shopping cart will be presented as an order. The customer will be asked to fill or select a billing address, a shipping address, a shipping option, and payment information such as credit card number (will use some dummy data at local level)

Kindly refer :- [Amazon.com](https://www.amazon.com)
